World-Class Digital Customer Service with CX Social

CX Social is the leading solution that allows brands to listen, connect, engage and help their customers via digital and social channels to provide the best customer experience possible.

Listen.

Ingest data from digital sources such as Facebook, Twitter, Instagram, SMS, Email, WeChat, Forums, Blogs and more.

Analyze.

Analyze conversations using Clarabridge's best-in-class text analytics engine.

Engage.

Use a single solution to read every incoming message, access conversation history and integrate communications seamlessly.

Respond.

Immediately solve customer issues, answer inquiries and provide updates from any channel that your customers prefer.

Visit cxsocial.clarabridge.com/whatsapp to learn how CX Social can help your business offer a better digital customer experience.
